

# Buffalo Avenue Heritage District Revitalization Strategy

FEBRUARY 2007

## Work Begins on Buffalo Avenue Heritage District Revitalization Strategy

In January 2007, the City of Niagara Falls and USA Niagara Development Corporation started the Buffalo Avenue Revitalization Strategy project. The project is intended to create a series of immediate, short-term and mid-term improvement actions for your neighborhood. Project activities will include a survey of existing neighborhood conditions and public meetings and workshops. A consultant team led by Parsons Brinckerhoff (PB) has been hired to assist with this project.

## Share Your Ideas, Stay Informed

As members of the Buffalo Avenue Heritage District neighborhood, we encourage you to attend project meetings and participate in project activities.

Please contact Holly Ortman, Project Manager, if you have questions about the project, want to share your ideas or want to participate on a project committee.

## February Activities

Beginning in February 2007, PB staff will be in your neighborhood photographing properties, assessing exterior building conditions and evaluating street and sidewalk conditions. PB employees will carry photo identification. *Under no circumstances will PB staff ask for permission to enter your home.*
